

AMENDMENTS TO THE CLAIMS

Claim 1 (previously cancelled)

Claims 2 to 8 (currently cancelled)

Claim 9 (previously cancelled)

Claims 10 to 13 (currently cancelled)

Claim 14 (currently added)

A method of alleviating withdrawal symptoms of dependency or addiction to a substance selected from the group consisting of alcohol, amphetamines and morphine in a human being comprising administering to said human being in need thereof a Ginkgo biloba extract in an amount sufficient to alleviate said withdrawal symptoms, wherein said Ginkgo biloba extract comprises 20 to 30% of flavoneglycosides, 2.5 to 4.5% of ginkgolides A, B, C and J, 2 to 4% of bilobalide, less than 10% of proanthocyanidines and less than 10 ppm of compounds of alkylphenol type.

Claim 15 (currently added)

The method of claim 14 wherein the Ginkgo biloba extract comprises less than 5 ppm of compounds of alkylphenol type.

Claim 16 (currently added)

The method of claim 14 wherein the withdrawal symptoms are selected from the group consisting of trembling in body, chattering of teeth and decreased motor activity.

Claim 17 (currently added)

The method of claim 16 wherein the withdrawal symptom is trembling in body.

Claim 18 (currently added)

The method of claim 16 wherein the withdrawal symptom is chattering of teeth.

Claim 19 (currently added)

The method of claim 16 wherein the withdrawal symptom is decreased motor activity.

Claim 20 (currently added)

A method of alleviating withdrawal symptoms of dependency or addiction to a substance selected from the group consisting of alcohol, amphetamines and morphine in a human being comprising administering to said human being in need thereof a Ginkgo biloba extract in an amount sufficient to alleviate said withdrawal symptoms, wherein said Ginkgo biloba extract comprises 5.5 to 8% of ginkgolides A, B, C and J, 40 to 60% of flavonglycosides and 5 to 7% of bilobalide.

Claim 21 (currently added)

The method of claim 20 wherein the withdrawal symptoms are selected from the group consisting of trembling in body, chattering of teeth and decreased motor activity.

Claim 22 (currently added)

The method of claim 21 wherein the withdrawal symptom is trembling body.

Claim 23 (currently added)

The method of claim 21 wherein the withdrawal symptom is chattering of teeth.

Claim 24 (currently added)

The method of claim 21 wherein the withdrawal symptom is decreased motor activity.
